JAPS CONTINUE BIG NAVY PLANS

May Let Some Of Ships Already Built Lay Idle To Placate People's Protest But Navy Clique Presents Estimates Calling For Nearly Half Billion Dollars For New Construction.

By Telegram to The Freeman.
Tokio, June 3.—Construction seems to be the watchword for the department of the Imperial Navy in Tokyo during the years 1922-23.

Japan will present to her people a budget materially less than the "great budget" just passed, but plans that are being made do not go to prove that she intends to lose any time in building ships. Some of the vessels of the Japanese fleet may be kept idle, some of her activities may be closed temporarily but if either of these are so, it will be with but one idea in mind—"building a greater navy."

A budget which is said to represent the desires of Admiral Kato, minister of the navy and the ruling navy group, has just been published in Tokyo in the Asahi Shimbun. It opens with the statement that the naval budget asked for in 1922-1923, will be 480,000,000 yen, (about \$240,000,000), a saving of 10,000,000 yen over the budget which recently started people everywhere. It closes with the statement that the budget as given is merely an estimate and that other expenses which will be classed as incidentals and not budget matters, will run a total up to 800,000,000 yen, putting it roughly.

Among the important items in the list given by the Asahi Shimbun are the replacement of defense works on land and sea, an item which amounts to 200,925,659 yen, big sums for naval aviation, wireless equipment and machines for the air to be carried aboard vessels. Many of the ships of the Imperial Navy now constructed may remain idle, that the apparent saving may be shown to the people of Japan, and that at the same time no delay may be necessitated in the building work.

In the meantime there is talk of a change of ministers and the ascendancy to power of a man who is known for his friendship for the naval clique, Prince Yamagata, if he retires, will carry out of office with him from his position of president of the privy council, much of the power being held today by the army.

KEEFE, BORN HERE, KILLS MAIL CLERK

Was One Of Gang Who Staged Spectacular Mail Robbery at Bayonne, N. J.—"Sore" at Government Because He Got Only \$600 Bonus After Service Overseas.

Willie Leo Keefe, aged 23, born in Kingston, N. Y., is being held at Washington, D. C., on a charge of murder in killing Matthew Lyon, a United States mail messenger whom he shot while helping to steal four pouches of mail from a train at Bayonne, N. J., on April 29. He has confessed, according to the Baltimore News, to doing the shooting. According to the confession he, Thomas Francis Ryan, and nine others, also under arrest, stole an automobile in Elizabeth, N. J., and drove to Bayonne where they set fire to a building to distract attention of the police and fire departments. When the mail train came in and the messenger stepped off he was held up by the gang who were masked. Keefe says the gun went off when he shouted to the messenger "hold up your hands," but that he did not intend to fire it. Keefe further says that he was against the government because he was given "only a paltry \$60 bonus after two years' service in France, and I thought I could beat the government."

Keefe, alias William Keefe Lawler, alias McCloskey, resided later at Bayonne, N. J., and Staten Island. He was arrested April 1, 1920, at Philadelphia, Pa., on a charge of having burglar tools in his possession and was sentenced to the Philadelphia county prison, at Holmesburg for one year. He was discharged from the institution on February 1, 1921. He is a steam fitter.

WHITER TELLS OF RAIL PACT FLAWS

National Agreements Compel Roads to Allow an Hour a Week for Punching Time Clock—Cites Other Instances of Increased Cost and Decreased Efficiency.

By Telegram to The Freeman.
Washington, June 3.—"Punching the clock" under the national agreements cost the railroads of the United States nearly \$6,500,000 during the first six months of 1920, E. T. Whiter of Philadelphia, chairman of the conference committee of railway managers, told the senate interstate commerce committee at today's session of the transportation inquiry.

The railroads were required under the agreements placed in effect during government control. Whiter explained, to allow employees one hour extra pay each week for time consumed in recording the fact that they were on the job. This ruling, according to the estimate of the railroads cost them \$6,445,658.

Whiter submitted a large number of instances to illustrate the contention of the executives that other rules instituted during the war period decreased efficiency and increased the cost of operation. He pointed to the establishment of minimum hourly rates of pay as a substitute for the piece work scales and said that the new arrangement resulted in a falling off in production.

"This became uniformly noticeable," Whiter declared, "immediately after it was known by the piece workers that they would receive no increase but were guaranteed only the minimum hourly rate. Comparisons between the piece rate basis and the hourly basis were maintained by the roads until February, 1919, when the managements were prohibited by the railroad administration from continuing such comparisons."

FURNITURE PLANT IS BUSY PLACE

The Schilling Furniture Company, Which Came to Kingston Last July, Has Enlarged Plant, and Now Employs 32 Men—Manufactures Beds.

Last July the Schilling Furniture Company came to Kingston and located in the old Kingston Woodworking Company plant, near Flatbush avenue, and started the manufacture of furniture employing a few men. Today the plant has enlarged its facilities and now has a force of fifty-two men at work turning out day beds and Colonial post beds, which are retailed in all of the large department stores in New York city.

Mr. Schilling when seen today said that he was greatly pleased with Kingston and the outlook for the future, and that the company was contemplating the further enlarging of the plant here. This New York plant, as is now doing all its work at the plant here.

The company has a saw mill plant at Lake Hill where all the lumber used in manufacturing its products is turned out.

The furniture company has kept adding to its force of employees and without fuss or display has been gradually growing in size and importance. As a matter of fact there are not many residents of Kingston who realize that there is a factory here that is manufacturing high grade furniture.

The output of the factory is handled by the wholesale trade and much of it goes through the large department stores of New York city where there is a steady demand for the beds turned out at the plant here.

As the business keeps increasing the company finds need for larger plant room. Already one of the buildings has been enlarged at both ends to give more facilities for manufacture, and further enlargement of the plant will shortly be made.

D. A. R. CHAPTER ANNUAL MEETING

Willwyck Daughters Heard Interesting Annual Reports and Chose Delegates to State Convention—Miss Ten Eyck Guest of Honor—Historians Report.

According to the amended constitution of the Daughters of the American Revolution, the annual meeting of the local organization was held on Thursday afternoon at the Chapter House. Very interesting annual reports were given by the officers and chairmen of standing committees, that of the historian, Mrs. Ralph Clearwater, being as follows:

Six months have passed since my last report. The December meeting was held at the Chapter House and was largely attended, and was devoted to the reading of the annual reports. The new regent, Mrs. Fessenden, presided. In presenting the gavel to her successor, Mrs. William M. Davis, the retiring regent, thanked the Chapter members for their loyal cooperation and support through her administration, and bespoke a continuation of the same for her successor. In taking the office Mrs. Fessenden expressed her appreciation of the honor conferred upon her, and her intention of serving the Chapter to the best of her powers.

During the business session, the Chapter voted \$10 toward the support of the Tomasi School in the south, which is being operated by the D. A. R. Three dollars were voted toward a gift from Willwyck Chapter, D. A. R., for the Schuyler Mansion at Albany, and two dollars were voted for tuberculosis Christmas seals. The Chapter gratefully acknowledged gifts for an old head bag and a pair of hand knit linen stockings given in memory of Mrs. Georgiana Gansse of Highland, a former member of the Chapter. The meeting closed with the usual social hour, the hostesses being Mrs. John Forsyth and Mrs. William Lawton.

The January meeting was held at the Chapter House and was well attended. The afternoon was devoted to the election of delegates to the continental congress in April. In addition to the regent, Mrs. William Fessenden, representing the Chapter, Mrs. Henry Van Hovenberg was elected delegate and Mrs. Philip Elting, Mrs. T. D. Lewis, Mrs. Juliana Wood, Mrs. Virgil H. Van Wagoner, Mrs. Hewitt Boice and Mrs. Arthur Hornebeck of Ellenville were chosen delegates. The program for the afternoon was in charge of Mrs. G. D. B. Hasbrouck and Mrs. Charles Tappan, and consisted of the reading of a most interesting paper on Americanization by Mrs. DeWitt Roosa and vocal selections by Mrs. E. Morris. She delightfully sang "Rose and Bud" by Forrester, "Don't You Mind the Sorrows" by Cowles and "Twilight" by Curran. The hostesses for the afternoon were Mrs. A. K. Hart and Miss Beulah Smith.

The February meeting was held with a large attendance. During the business session the chapter gratefully acknowledged the receipt of a case containing two pitchers which came from one of the Elling homesteads in New Paltz, the donor being Dr. Bevier Hasbrouck Sleight. On one of the pitchers is a picture of the second victory of Commodore Perry, and on the other, a picture of Commodore Mac Donough's victory at Lake Champlain. Another gift was a complete Bible, donated by Mrs. Katherine Burkhardt of Katrine. The committee on resolutions reported appropriate resolutions on the death of Mrs. Paul DeWitt, aged 85 years, at Krumville, Ulster county, who was one of our members. The entire program was devoted to an exceedingly interesting address on the Darkest Hour, delivered by Father Maher. Mrs. William M. Davis and Miss Margaret Merritt had charge of the program.

The highly appreciated address was followed by the customary social hour, the hostesses being Mrs. Stiles LeFevre and Mrs. Hewitt Boice.

On February 14 we lost another one of our charter members. Our faithful member, Sarah B. Reynolds on that day passed away. Miss Reynolds was always devoted to the Chapter and contributed liberally to any project which the Chapter undertook. It is not fitting that I should enter in any eulogy, but I am sure her memory will remain with us all ways.

There was a large attendance at the March meeting of Willwyck Chapter. During the business session, it was moved that the chapter act as recorders endorsing the petition asking the mayor to appoint two women on the Board of Education.

In accordance with the by laws of the National Society last spring at the Continental Congress, Willwyck Chapter has been obliged to amend its by laws, changing the time of its annual session from the third Thursday in May to the third Thursday in June. This amendment was proposed at this meeting and will be voted upon in April. The program for the afternoon, which seemed to be exceptionally delightful and interesting, was in charge of Mrs. Hillis and Mrs. Mae Fadden. Plans were given by Mrs. Clara Adams, hostess, vocal solos by Elizabeth Meyer with Mrs. Van Hovenberg at the piano. The hostesses for the social hour were Mrs. Annie and Mrs. Marion.

On March 15th, St. Patrick's day, a very beautiful social afternoon was enjoyed by the members of Willwyck Chapter, given by the regent, Mrs. W. N. Fessenden, Mrs. Van Hovenberg and Mrs. Marion at the Chapter House. During the afternoon bridge and two hundred dollars were placed at the disposal of the ladies.

LOCAL LEAGUE DAIRYMEN ACCEPT PLAN FOR CREAMERY IN KINGSTON

Hope to Raise \$25,000 Within Two Weeks and Dairymen's League Will Furnish Remainder—Promise Is That It Will Benefit Producer, Consumer and Dealer, Latter To Get His Milk at Central Creamery—Fifth Cooperative Plant in County.

The Kingston Branch of the Dairymen's League, at a meeting held at the court house Thursday evening, voted to accept the proposition made to them by the Dairymen's League Cooperative Association to raise locally \$25,000, the Dairymen's League Cooperative Association to furnish the remainder of the necessary money from its general fund, to acquire a creamery in the city of Kingston. All of the milk of the producers will be brought to the control creamery and there the dealers may come and purchase each day what milk they need for their trade. The milk will be sold either in bottles or cans, pasteurized or raw, as the dealers desire.

The advantage of the central creamery is that it will cause the surplus of milk to be collected at one place where it can be handled to advantage, thus avoiding waste by utilizing all of the milk.

The committee in charge of the campaign is as follows: E. L. Chase, Farm Bureau Manager; M. T. DeWitt, Hurley; Ray Elmendorf, Hurley; Jesse Du Bois, Marlborough; A. H. Gillespie, Marlborough; Robert Harder, Mt. Marion; Dennis Sheehan, Mt. Marion; H. Clinton Finger, Mt. Marion; John Holce, Sawkill.

The committee will meet tonight at 7 o'clock (standard time) at the Farm Bureau Office to plan out the details of the campaign. It is rumored that the campaign will be started off at community sings to be held at Hurley and Mt. Marion under the leadership of Mr. Eppes of Accord. The committee hopes to raise the funds in not over two weeks.

A second committee consisting of W. A. Warren, John Woolsey and C. D. Brown was appointed to investigate various sites and obtain opinions if desirable.

The dairymen feel that this cooperative plant in Kingston will benefit the dealer and consumer just as much as it will benefit the producer.

When the cooperative plant goes into operation in Kingston it will be the fifth league plant in the county, the other being at Walkkill, New Paltz, Accord and Ellenville.

Ulster county is today the best organized farming county in the state, as far as cooperative marketing is concerned, having three cooperative fruit marketing associations and five cooperative milk plants.

CANNOT ISSUE REVOLVER PERMIT

Judge Harry E. Schrick of the city court has just received a copy of the new law passed by the last legislature governing the issuing of revolver permits. Under the new law he is not allowed to issue any more permits, and the lowest court allowed to issue a revolver permit is county court.

Judge Schrick had several applications for revolver permits today but informed the applicants that he was unable to comply with their request and advising them to see County Judge Joseph M. Fowler.

As far as known the revolver permits issued by Judge Schrick since he assumed office still held good and are not automatically cancelled by the new law just enacted.

CONVICTIONS OF WATERS JR. STAND

He Loses Appeals to County Court in Assault and Traffic Cases But Fine is Reduced in Latter—Other Appeals Decided.

Orders in appeals in criminal cases which were argued recently before Judge Joseph M. Fowler in county court were filed today in the county clerk's office.

Seven appeals were decided, in four of which the judgments of conviction were affirmed and in three of which the sentences imposed were modified by Judge Fowler.

The cases decided were as follows:

The People against Francis A. Waters Jr. This was an appeal from a judgment of the city court of Kingston convicting the defendant of violation of the general highway traffic law on September 3, 1919, and imposing a fine of \$25 in default of payment of which the defendant was to be committed to jail for one day for each dollar of the fine unpaid. This conviction took place while an appeal was pending in another case in which the defendant had been convicted for violating the general highway traffic law, and it was contended that the sentence imposed was more severe than that usually imposed for a first offense, the county court having reversed the judgment of conviction in the previous case after sentence had been imposed in this case. Judge Fowler affirms the judgment of conviction but modifies the sentence by imposing a fine of \$10.

The People against Francis A. Waters Jr. This was an appeal from a judgment of conviction of the city court of Kingston for assault in the third degree, committed on January 13, 1920, and imposing a fine of \$50 in default of payment of which the defendant was to be committed to jail for one day for each dollar of the fine unpaid. The defendant assaulted a boy who was playing and skating on the ice on his lake. The judgment of conviction is affirmed. In both cases, Mr. Waters was represented by Andrew J. Cook; District Attorney Traver represented the People.

The People against Hyman Feld. The defendant was convicted of petit larceny, committed in the town of Wawarsing on December 22, 1919, and was committed to jail for ninety days. The judgment is affirmed. Henry Klein represented Feld; District Attorney Traver represented the People.

The People against Thomas Shea. Shea was convicted in the city court of Kingston of assault in the third degree and committed to jail for thirty days and also to pay a fine of \$20. The judgment of conviction is affirmed and the sentence modified by imposing a fine of \$20, in default of payment of which the defendant is to stand committed to jail one day for each dollar of the fine unpaid. Chris J. Flanagan represented the defendant; District Attorney Traver represented the People.

The People against Frank Schermerhorn. The defendant was convicted in the city court of Kingston of petit larceny, committed March 16, 1920, in stealing rolls and buns left early in the morning by a baker. Several other boys were implicated and were convicted. The defendant claimed improper testimony had been admitted on the trial regarding a number of other thefts of rolls and buns delivered by the baker along the same street that morning. The city court committed Schermerhorn to the House of Refuge at Randall's Island until discharged according to law. The judgment is affirmed. John M. Cashin represented the defendant; District Attorney Traver represented the People.

The People against Mandy Newman. The defendant was convicted of petit larceny committed in the town of Wawarsing on October 5, 1920, and a fine of \$15 was imposed. The judgment of the trial court is affirmed. William D. Brinnier, Jr., represented the defendant; District Attorney Traver represented the People.

The People against William J. Moore. The defendant was convicted of petit larceny committed in the town of Shandaken on July 18, 1920, and was sentenced to sixty days imprisonment in the Ulster county jail. The judgment of conviction is affirmed and the sentence modified by suspending the execution of sentence during the good behavior. Moore meanwhile being paroled in the custody of Justice of the Peace Theodore Voss of the town of Shandaken, to whom he is directed to report twice a month for a period of one year. William D. Brinnier, Jr., represented the defendant; District Attorney Traver represented the People.

BIG BUSINESS AND LITTLE.

Evidently Mr. Harding thinks that what the country needs for the present is less trust-busting and more effort to stabilize business in general. Such an attitude may be called reactionary in some quarters, but there was a convincing ring to the President's words when, in a speech in New York the other night, he said: "The Government's part in business should be no more than to insure adherence to the principles of common honesty and to establish regulations that will enable it to sail a safe course. There has been some tendency to regard business as dishonest until it should prove its honesty, and to regard honesty in business as a crime. But almost all business today is conducted on a scale which would have made our forefathers gasp; and I prefer to assume it is honest until proved dishonest. If they had attempted to limit business of size and scope they would have prevented even the little business. So I speak for the least possible measure of Government interference in business, but for the largest cooperation with properly conducted business and the most effective measures to insure that, whether it be big or little, business shall be honest and fair."

His idea seems to be that it is perfectly proper for business to be "big" if it is also straight, and that injudicious interference with big business may hurt little business. Most readers will agree that in this particular the government's proper attitude is well stated.

THE CASE OF FAIRCHILD.

From Orange county comes a wall because State Troopers have arrested a Mr. Fairchild of Walden for violating the motor law. The basis of the complaint seems to be a general agreement on the part of some of the members of the Walden Chamber of Commerce that "technical violations of the motor laws be discreetly handled," and that Mr. Fairchild is a "reputable citizen."

Mr. Fairchild, described as a "well known garage proprietor," was arrested for running a truck without a mirror. It was not a complete truck but merely the chassis. "Yet Mr. Fairchild was haled to court like a criminal."

"It has come to a pretty pass," says an Orange county newspaper, "when reputable citizens cannot, in the ordinary course of their business, run a motor vehicle without being set upon by busybodies in uniform."

Orange county may be different from the rest of the state but we doubt it, and it is safe to say the majority of motorists there as elsewhere strongly approve the law requiring motor trucks to use a mirror which will enable the driver to see the roadway behind him. Many truck drivers are road hogs who ignore the law requiring them to permit faster vehicles to pass when signalled. Their plan when approached was that they did not hear the horn. So that is the reason for the mirror—so they can see.

Mr. Fairchild may be all that is claimed for him, but what special privilege should any "well known garage proprietor" have that is superior to the rights of other well known and reputable citizens who do not want the road blocked? Must they be robbed of their rights either because Mr. Fairchild is "well known" or a "garage proprietor"? Does the Walden Chamber of Commerce at heart want motor law violations handled as "discreetly" as to exempt Mr. Fairchild while perhaps drawing them or their owners to court? Where, exempt to court, should Mr. Fairchild or any other law violator be haled?

"The State Troopers are not under control of the village," says the Orange county newspaper as part of its complaint. "They get their instructions from Albany."

When the complaint in general is in a good thing the State Troopers are not under village control. What kind of instructions are issued to officials who are in control? How do they compare with the Constitution and laws which local officials are supposed to follow? Just what other Walden citizens should be placed in Mr. Fairchild's class when they violate the law? Does Mr. Fair-

child himself desire to remain in the class in which his friends would place him?

KIWANIS TO FURNISH TEAMS

For Chamber of Commerce Drive—Medieval History Shows Tradesman Is Man Who Put Feudal Lords Out of Business and Began World Movement For Square Deal.

The Kiwanis Club Thursday pledged its moral and material support to the Chamber of Commerce drive for new members, soon forthcoming. The club will furnish a good percentage of the team captains and, since it numbers Judge Fowler, president of the Chamber, among its members, it is likely the club will be found 100 per cent strong in that body at the end of the drive. Thursday's speakers, at least, felt sure of that and all testified as to their faith in the Chamber of Commerce and its achievements.

The cloth strongly endorsed commerce in general as an agent of civilization and liberty exceeding by few others when Rabbi Kaplan traced the history of trade to the emergence of Europe from its thousand years of the Dark Ages. He asserted that the tradesman was in reality one of the most broad minded of mortals, since he recognized no race, creed, color or previous condition of servitude in his willingness to buy, sell or swap and he often preceded the missionary in bringing to benighted lands the first knowledge of how to better their condition. In feudal times the necessity of the careless, improvident lords and barons for money compelled them to deal with the tradesmen and allow the latter to congregate in cities and even to form armed forces to guard their possessions. Gradually the efficiency and system of these tradesmen accumulated the goods and cash of most of the profligate overlords, and the latter who were little if any better than highwaymen, couldn't get their backs because of the forces the tradesmen had been allowed to raise. Then were wrung out concessions making for human liberty such as the Magna Charta. Rabbi Kaplan said that the first thing he did after taking up his residence here about a year ago was to visit the Senate House and almost the next was to join the Chamber of Commerce. Lest any one wonder why, he said that he was interested in anything that men did and that this was one of the most human activities in Kingston or any other progressive city.

Roy Sulliff, who said he thought his sentiments were also those of the members of the Automotive Dealers' Association, said that the Chamber had proven itself indispensable and that he didn't think an all-day argument could disprove that short statement.

Judge Fowler thanked the club for the spirit so apparent and told briefly how the functions of a Chamber of Commerce had become broadened and diversified to include a part in almost any movement to make the city better. Not in trade himself, he found compensation for his labors as president of the Kingston Chamber in the satisfaction of seeing it do things and if Kiwanis could, as had been suggested, have all its members in the Chamber as a courtesy to himself, he would feel that his compensation had been increased.

"All" King entertained now and then with songs.

AT THE THEATRES.
"The Jackline" at Keener's—
"Devil's Garden" at Opera House.
"The Jackline." George Melford's
production at Keener's tonight and
Saturday is offered as a big, clean
picture. It deals with old-fashioned
people, tells an old-fashioned love
story and claims a million and one
little bits of human interest. This
picture is an adaptation of Opie Reed's
novel, "Patty" Arbores in "His
Wedding Night" is also programmed.
This makes a photography entertainment
that all the family can enjoy
and a special reduction for children
accompanied by an adult has been
arranged.

Lined Barrymore in "The Devil's
Garden," one of the most powerful
on dramas ever here in a long time.
was shown on the screen at the Opera
House to an approving audience last
night and he repeated again tonight
and Saturday. Johnny Hines in
"Torchy's Hallelujah" is also pro-
grammed.

Nick Carter in "Birds of Prey," a
mystery detective story; also Dorothy
Gish in "Atta Boy's Last Run," a
story of the race track, is showing at
the Auditorium tonight. Saturday
Conway Tearle in "Harwood
Boys."

TARRYTOWN BLUE CAPS FASTTEAM

The Tarrytown Blue Caps who will cross bats with the recently organized Colonial A. C. at the Athletic Field Saturday afternoon at 3:30 o'clock are one of the fastest semi-professional teams in the Hudson valley. Judge Schirick, who leads the Colonials, may use Ed. Scherer in the box against the Blue Caps. McAuliffe and Fred Stoudt are also available. Judge Schirick's ball tossers proved their mettle last Saturday by defeating the fast Clermonts of Newburgh, and expect to add the Blue Caps scalp to their string. The Blue Caps formerly represented the Chevrolet Motor Company of Tarrytown and are considered exceptionally good ball players. It is expected that there will be a large turnout of fans that afternoon to see the game.

his alleged criticism of former Post-
master General Burleson, has been

recommendation of Postmaster Gen-
eral Hays, according to word received
from Washington. Kashub was
charged with having criticized the
former postmaster general for

QUICK END FOR "WET" CARPENTIER

Because He Looks On The Wine
When It Is Red Deets Pickett At-
tends As How Frenchman Is Due
For Terrible Beating From "Dry"
America's Champion.

By Telegram to The Freeman.
Washington, June 3.—Prohibition, ably assisted by J. Dempsey, will "kay" France's hope of July 2. Take this tip straight from "Deets" Pickett, whose record as a "moral" battler is second only to that held by the Rev. Wilbur F. Craft, blue law "champion" of the United States, and lay your bets on Dempsey.

Officially Mr. Pickett is known as research secretary of the board of temperance, prohibition and public morals of the Methodist Episcopal Church. Figuratively speaking, he donned fighting gloves today and assisted by his typewriter swung a wicked right and left at the state of New Jersey and the international battle to be staged on its soil.

Right thinking Americans ought to rise up and stop the fight, said Mr. Pickett.

Commenting on feminine interest in the affair he said:
"Women who see such brutalizing, demoralizing exhibitions frequently in the end become things that are certainly not women."

Brief but terrible will be Carpentier's career on the Jersey City fighting line, Mr. Pickett predicted.

Parbleu! as they say in the sporting circles of gay Paris, the beautiful Georges will emerge from the fight with all his beauty ruined. As Mr. Pickett visualized him, his charming nose will be split, his lovely eyes blackened and his slim but well-turned ears all swollen and everything. And all because Georges, loyal son of wet, wicked France, not only looks on wine that is red but drinks it and occasionally sips the stuff while in training. Which, as Mr. Pickett sees it, is a lesson to ambitious young America. It should show said Young America the devastation that follows in the wake of Demon Rum.

"French athletes are raised on wine from babyhood," said Mr. Pickett. "Carpentier's wine drinking will cut down his endurance. He will last in the fight only a short time as a result."

Has Mr. Pickett a word of praise for Dempsey, America's wineless hero? He has not. The fight ought

to be stopped, he said, but what's the use? A revival of "loose morals" is sweeping over the land, according to Mr. Pickett, and even the Rev. Wilbur F. Craft can't stop it.
"Not since '95, when everything was wide open, has there been such a loosening up of morals in the United States," he said. "There is widespread revival of gambling and other evils. Prize fighting is a brutal phase of this loosening up of morals."

SURPRISED THE CAT

Trying To Steal Boiled Lobster, Live One Gets Her By The Leg.

An uptown dealer in lobsters, live and boiled, was puzzled how a large live lobster got out of a sheet iron pan in which it had been placed with others and had gotten where he found it on the floor several feet from the tank which was on a raised platform. He had heard of flying fish but never of flying lobsters nor had any one of a number of men whom he had queried on the subject. This happened a few days ago and it was not until Thursday that the mystery was solved by a traveling salesman who told of what he had seen. This was his story: "I was standing in front of the place of business waiting for a trolley car about 6 a. m. and to kill time watched a cat clawing with a front paw at a mosquito netting spread over some boiled lobsters at one side of the sheet iron pan, and while watching the cat she suddenly made a leap in the air and off the pan to the floor. To my surprise there was a live lobster clinging to a hind leg of the feline, being dragged along. The cat in clawing at the mosquito netting with its front paw had let one of its hind legs hang over into the side where the live lobsters were and one of them closed its open claw on the leg. This caused the cat to jump carrying along the attached lobster. That it was explained that the lobster did not belong to a fly line species."

MAY BUILD HOUSES

On Grand View Heights, If City Extends Water Main.

Efforts will be made by owners of lots on Grand View Heights on the upper end of Main street, to have the water main extended to that section and if successful it is planned to start a building boom there. Among the lot owners who are considering the construction of dwellings are Walter S. Jarling, George H. Jarling, Christopher W. Wilcox, McDonald Jarling, W. H. Frederick, Thomas Jarling and others. This property was formerly the Smith farm and was cut up into lots several years ago and they were sold at auction, but no building has been done owing to there being no water or other improvements on the heights. Should this section be built up it will be one of the finest in the city as the view from there covers a wide range in different directions.

BURNS GETS \$135 BLM FOR HURTS

Received in Unprovoked Assault by Patrick O'Connor on Construction Job—Other Cases Heard by Referee Abbott Thursday Afternoon.

Because of being injured through an unprovoked assault John Burns was awarded \$135 compensation by Referee Abbott of the State Industrial Board Thursday at the hearing of claimants for compensation held at the court house by him. Burns who came from Poughkeepsie, but who is now living in this city, was employed on the construction job of the Standard Oil Company at Kingston Point, and while so employed was assaulted by Patrick O'Connor, a fellow employee who became pestered because a boss took a measurement job away from him and gave it to Burns. Robert G. Groves represented Burns, the claimant, at the hearing and the Exchange Mutual Company, the carrier of the insurance for Latette & Murphy, the contractors and employers, contested the claim. It developed that after the assault that O'Connor fearing Burns might take legal steps against him paid Burns's wages for about two weeks and the amount so paid was taken into consideration by Referee Abbott who allowed Burns the \$135 compensation.

The second session of Referee Abbott's calendar which was not finished until late Thursday afternoon was as follows, the claimant being first; employer, second, and carrier, third:

BOARD MAY PASS ON BIG FIGHT

Body Can Be Named to Give Decision
In New York on Which Betts May
Be Settled in Case Bout Goes Limit
Corri Coming—Ticket Sales Reach
\$650,000.

By Telegraph to The Freeman.

New York, June 3.—The suggestion that a committee of three prominent boxing authorities be selected by a convention of newspaper men to give a decision in New York on which betts may be settled in case the Dempsey-Carpentier fight goes the limit and there is doubt regarding the winner, is gaining favor.

Scribes who are congregating in the east from all sections of the country, many of whom concede Carpentier an excellent chance to win the title and many others who believe that in any event the French champion will be able to hold his own in 12 rounds, are in favor of such a plan.

No decision can be rendered in New Jersey. The only way Georges Carpentier can unown Dempsey in the "Skeeter State" is via the "kayo" route. Regardless of the fact that Dempsey is a hot favorite to defeat Carpentier by a knock out within 12 rounds there is always the chance that the bout may go the limit. Critics who favor Carpentier point to the fact that Bill Brennan stayed 11 rounds with the champion.

"Why shouldn't Carpentier at least go the limit?" they ask. Betting on the big fight will be heavy regardless of topheavy sentiment in favor of Dempsey. No date battle in history has excited so much interest and it follows that wagers of all sorts, amounting to hundreds of thousands of dollars, will hang on the outcome.

If a committee is named it is practically certain that Eugene Corri, famous English referee, will be a member of it. Mr. Corri, it was announced today has accepted Tex Rickard's invitation to witness the battle July 2 and will arrive here shortly from Liverpool. His name has been mentioned several times in connection with the title battle in the capacity of referee but though he is not in the running for that office he would no doubt be willing to serve with two prominent American boxing authorities and give a decision on the outcome of the big fight. Jim Corbett is being mentioned as a member of the trio, also.

Receipts for the big fight have now passed the \$650,000 mark, according to announcement from Madison Square Garden. This is \$150,000 ahead of all previous receipts this far in advance of a championship fight.

ABOUT THE FOLKS.

Mrs. Caroline Broadie of this city is a guest of Dr. Julia Perry at her home, "In The Gardens," Forest Hills, L. I.

Mrs. A. C. Palmer and daughter, Fanny, returned to their home, Washington Heights, New York city, on Thursday, after spending a week with Mrs. Palmer's aunt, Mrs. A. W. Boss, 314 Hasbrouck avenue.

Charles H. Styles of Eldred, N. Y., a former Kingstonian, spent the week end at the home of his sister, Mrs. Alice Short on TenBroeck avenue calling on old friends. Mr. Styles, although 85 years old is very active for his age.

Much Work For Red Cross Nurse.

During the month of May, Miss Agnes Dunne, R. N., nurse for the Ulster County Chapter D. A. R., reports having visited 37 patients, making in all 113 visits. As many of the cases required so much time, attention and treatment it was impossible for Miss Dunne to attend all of the cases where she was asked to report. As the physicians of our city are becoming acquainted with the work being done by Miss Dunne, her work grows and her usefulness is greatly increased even to the point where she cannot meet all of the demands made upon her, greatly to her and the chapter's regret.

Brooks Killed Despite Strike.

Mr. and Mrs. Alexander Brook of Woodstock were among the passengers who arrived in New York city Thursday on the United States Mail Line steamer Old North State, from London and Boulogne. The Old North State was one of the first big liners to leave New York after the strike of marine workers was called. Although the strikers made every effort to tie up the ship through lack of men, the crew signed by Captain Marshall did very well.

We are daily hearing nice things about our present lines of Summer Footwear for Children, and that they are meeting with the approval of our friends is proven by the fact that our Children's business is growing rapidly. BAD AUTO CRASH IN MARLBOROUGH

Suffering from internal injuries, Ralph Coutant, 24 years old, of Marlborough, is in St. Luke's Hospital, Newburgh, following the overturning of his Ford automobile in Marlborough Wednesday. Coutant was alone in the car when the accident took place on Western avenue, near King street late that afternoon. The automobile was damaged.

According to witnesses of the mishap, Coutant was driving at a rate of 30 to 35 miles an hour. Near a patch of newly laid gravel, he turned out to avoid the taxi-cab of Charles Grogan, traveling in the opposite direction. Coutant is said to have turned violently to one side and then returned to the road.

The Ford failed to hold the road, and skidding back and forth in the gravel overturned, rolling over twice before coming to a stop against a tree. Coutant was not thrown from the car, but is thought to have been caught between the seat back in this way sustaining internal injuries, the severity of which is not yet known. The vehicle was quite badly damaged. The two left wheels were ditched, the tire of each being blown out also. In rolling over the top and windshield were crushed and broken, and the body of the vehicle was dented in several places.

FINANCIAL AND COMMERCIAL

New York, June 3.—The sugar stocks were weak features on the stock exchange this morning, owing to further cuts in prices for the refined article. Generally changes throughout the list were irregular and confined to fractions. American Sugar was down one point at 79 1/2. Pinta Alegre Sugar was down 1/2 at 30 1/2. U. S. Steel was down 1/4 at 79 1/2. Baldwin Locomotive ex-dividend 3 1/2 was unchanged at 77 1/2. Mexican Petroleum declined 1/4 to 148 1/2. Crucible Steel moved up 1/2 to 62 1/2. The marine issues became prominent because of the sharp declines just at the end of the first 15 minutes, when Marine Common went down 3/4 to 47 1/2, American Sumatra Tobacco ranged from 59 1/2 to 60 1/2.

There was an improvement in tone on the market after the first fifteen minutes and during the remainder of the first hour moderate advances were established in the majority of stocks in which there was active trading. The steel industrials were again prominent. Baldwin Locomotive ranged from 76 1/2 to 78 and United States Steel moved up to 79 1/2. Bear activities were concentrated through a great extent against United States Rubber which was the weakest feature during the early trading falling over two points to 64 1/2 and then rallying to 65 1/2. A number of the railroad stocks were actively traded in. Baltimore and Ohio ranging from 41 1/2 to 41 3/4 and Northern Pacific moving from 71 1/2 to 72 1/2. Mexican Petroleum rose from 148 1/2 to 150 1/2 and then dropped to 148 1/2.

Cuba Cane Sugar preferred featured the early afternoon trading, breaking violently at 49, an overnight loss of 13 points, following the passing of the preferred dividend. This is a new low record. The market closed irregular; government bonds unchanged; railway and other bonds irregular.

MOST SURPRISED MAN IN TOWN

Was Albert E. Rose, Thursday Night At A Testimonial Dinner Given In His Honor At The Eagle Hotel.

The Eagle Hotel Thursday evening was the scene of one of the best and most elaborate dinners given in this city in a long time. The occasion was the double anniversary of Mr. Rose, one of the partners of the R-G-R Store. It was a 25-50, silver and gold event, Mr. Rose, being 25 years married and 50 years old. The hosts were Mr. Rose's two partners, E. O. Rose, V. A. Gorman and the employees of the R-G-R store.

Promptly at eight o'clock the spacious parlors and lobby of the hotel were crowded with the ladies and men of the store all eagerly awaiting the arrival of the honored guest, who did not know a single thing about it, he having been informed that he and Mrs. Rose were to be escorted to the movies by Miss L. Leete and Miss A. Dunne. As he came in front of the hotel, he was greatly surprised to find a large number of his employees on the porch, who made a grand rush for him and hustled him inside, where he was greeted by the store force. To the strains of a wedding march he was escorted to the dining room, where a bountiful repast was served by Mine Host Hungerford under the capable direction of Mr. Flowers. The menu was as follows:

- Fresh Fruit Cocktails
- Chicken Gumbo
- Queen Olives Celery Hearts Radishes
- Pile of Sole, Tartar Sauce
- Roast Stuffed Oyster Country Chicken
- Giblet Gravy
- Boiled New Potatoes Parsley Dressing
- Creamed New Spinach
- Pineapple Sherbet
- Asparagus Salad en Mayonnaise
- Cheese Crackers
- Fresh Strawberry Ice Cream
- Assorted Cakes
- Demi Tasse

After the good things were stowed away, a very fine program was put into effect. Mr. Gorman, the postmaster, was in his usual happy vein and showed rare skill in handling this difficult position. Mr. Gorman spoke on the reason why the party had assembled to do honor to Mr. Rose, and what it meant to each employee. Then E. O. Rose gave a very clever talk on "How I Knew Him Long Ago," telling of the early life of Mr. Rose, and of his sterling qualities as a lad and a young man. He was followed by P. J. Fogarty who spoke in behalf of the employees in a neat and terse speech and presented Mr. and Mrs. Rose with two handsome silver pieces, bearing the inscription "From the R-G-R employees, June 3, 1921."

Mr. Rose was stunned at first, but rallied quickly and jumped to his feet and thanked his hosts for the wonderful surprise that they had given him and expressed his appreciation in behalf of himself and wife. Mrs. Rose, too, gave a few words of thanks and she was roundly applauded for her choice and witty remarks.

Edwin Koch, P. Johnson, L. G. McIntyre, Charles Turner and Miss Caroline Heffer also spoke and enlivened the evening with both serious and humorous remarks that were keenly enjoyed by all.

Albert E. Rose, came to Kingston about 9 years ago and with E. O. Rose and V. A. Gorman, took over the Herbert Carl Store. Since then, they have enlarged and modernized the store, and today it stands as the largest and most up-to-date store between New York and Albany.

The entire event was one that will go down in the history of all those present, and will be remembered by them when they too will celebrate one or the other or possibly both of these happy events.

Today Mr. and Mrs. Rose will leave for a trip to Stony Point, where he spent his boyhood days and the scenes of his early romance, which culminated into such a happy occasion as the banquet just held. The best wishes of his employees and the entire community go with him, for since they have come to Kingston Mr. and Mrs. Rose have endeared themselves to all that they have come in contact with.

Y., June 3.—Representatives of striking paper makers and paper manufacturers continued conferences today looking to amicable settlement of their differences, which led to a strike May 1.

Thorough discussion was given today to terms of an agreement drawn by the men and submitted to Floyd Carlisle of Watertown, manufacturers' emissary. The agreement has not been made public.

Just in Time.

While driving through Yellowstone park we came to some muddy, clay-like ground. Father happened to see a small shack in from the road and decided to go over to see who lived there. When he was about half way across the field he noticed a slight movement in the ground. Going over he found a hole about six inches wide. Thinking it was an animal hole he got down on his knees to peer in. We saw a man come running from the hut, waving his arms excitedly. Father did not hear him because, as he said afterward, he heard a low growling in the hole. Then the "animal" came out. "It" jumped up five feet in the air. Father's animal was a mud gopher, and it covered him from head to feet with yellow mud. The man, when he reached father, pointed smilingly to a sign which read: "Geyser No. 127. Spouts every 35 minutes. We have never ceased to tease father about his animal.—Chicago Tribune.

Once Famous for Embroidery.

St. Gall, Switzerland, is the noted embroidery seat of modern days, and one of the most influential centers of Christian civilization in central Europe. The city owes its foundation to the Irish apostle Gallus, who in the year 614 founded a hermitage near the brook Steinhilf. In the resulting monastery of St. Gall the strict rules of the Irish church were enforced until 720, when those of St. Benedict were substituted by an abbot, Othmar. In 1083 the Abbot Norbert of St. Gall created a convent on the Sitter river, the place taking the name of Abbatissella-Apenzell, and the abbess of St. Gall became the dominating influence of the land until the subsequently much improved neomunichers resorted to force and succeeded in shaking off their yoke.

Garden "Sass" Appreciated.

Very early in the history of garden vegetables, or "garden sass," these things were not looked on so much as food as things to give savor to food. It was not then understood that one could work and maintain his strength on such light stuff. But the older people seemed to understand that fruits and vegetables were good medicine, and it is true today that garden track, though much better known than formerly for its food value, is also well thought of for its medicinal properties. Tomatoes are said to be good for the liver, carrots for the complexion, spinach for many internal troubles, onions for the blood, and the value of fruits for keeping the system in good condition is generally believed.
